

“Buddha Touched the Earth....”

an exploration of Engaged Buddhism

“Because the relationship between self and world is reciprocal, it is not a matter of first getting enlightened or saved and then acting. As we work to heal the Earth, the Earth heals us. No need to wait. As we care enough to take risks, we loosen the grip of ego and begin to come home to our true nature. For in the co-arising nature of things, the world itself, if we are bold enough to love it, acts through us.”
