

Rahamim Ecology Centre presents Green Drinks with...

John Seed on Deep Ecology

Friday 1 September 2017

John Seed is an esteemed author, filmmaker, lecturer, activist and founder of the Rainforest Information Centre.

Since 1979 John has been involved in direct actions which have resulted in the protection of the Australian rainforests. He has written and lectured extensively on deep ecology and has been conducting experiential deep ecology workshops around the world for 25 years.

In 1995 he was awarded the Order of Australia Medal (OAM) by the Australian Government for services to conservation.

“John shows us how to dissolve the separation between person and planet and acknowledge our interconnectedness.”
