

A return to Mother Earth: A deep ecology retreat.

"Human identity exists at the intersection of the ancient cycles of air, water and soil. In spite of the pervasive illusion of separation, in reality no separation is possible between nature and ourselves. By acknowledging our interconnectedness, we invite the spontaneous healing of the psyche. Using personal sharing, experiential deep ecology and creative exercises, we dissolve the separation between person and planet. Vision and empowerment arise naturally from realigning ourselves with the living Earth "John Seed.

Join us for this special weekend event

September 15 to 17, 2017.

We all experience it, the disquiet that comes from an abiding disconnect from our first mother. Nature fills our lives with beauty, wonder and good health. Is it time for you to be returning home and reconnecting with your ancient expansive ancestry of all living beings? If so come, if so welcome.

*Welcome to a time to stop, to see, to be still and to be quiet.
Welcome to a space to be peaceful, to be grateful, to be careful, to become wiser.
This retreat provides some time to listen, to learn, to share and to be nourished.
Mother Earth is here..
and you are welcome, join us.*

*Bring yourself, your dad, your sister, your brother or your mum. Bring your daughter or your or son.
Invite a friend, your neighbour or your lover and come be with sacred earth.*
