

DEEP ECOLOGY & THE CONSERVATION OF NATURE

BELLBUNYA, 7.30 PM FRIDAY SEPT 17– John Seed with guitar, poetry, film
and spoken word BY DONATION plus

EARTH, SPIRIT, ACTION

an experiential deep ecology workshop

with **John Seed**

Human identity exists at the intersection of the ancient cycles of air, water and soil. In spite of the pervasive illusion of separation, in reality no separation is possible between nature and ourselves. By acknowledging our interconnectedness we invite the spontaneous healing of the psyche.

Using personal sharing, experiential deep ecology and creative exercises, we dissolve the separation between person and planet. Vision and empowerment arise naturally from realigning ourselves with the living Earth.

Proceeds will benefit the reforestation of the sacred mountain Arunachala in South India
